

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF CORINTH WATER)	
DISTRICT FOR COMMISSION APPROVAL)	CASE NO. 10051
TO CONSTRUCT A WATER LINE EXTENSION)	

O R D E R

On October 2, 1987, Corinth Water District ("Corinth") by counsel, requested the Commission reconsider its decision requiring the filing of a full construction application for a proposed water line extension. The previous decision was based on a September 12 request from Corinth's consulting engineer. Corinth stated that the extension is based on the work plan originally approved in Case No. 9349 and that a separate application would be expensive and consume a great amount of time to prepare. The Commission finds that the proposed construction requires prior approval pursuant to KRS 278.020 but that the information in Case No. 9349 is sufficient to open a separate docket to consider this extension.

IT IS THEREFORE ORDERED that this case be and it hereby is established to consider Corinth's proposed water line extension.

IT IS FURTHER ORDERED that the entire record of Case No. 9349 be and it hereby is incorporated herein by reference.

Done at Frankfort, Kentucky, this 15th day of October, 1987.
